

Remarks/Arguments

This paper is submitted preliminary to examination of this application. The amendment to the specification adds headings and paragraph numbers, and moves a brief description of the drawings to the proper location under US practice. The enclosed substitute specification includes these amendments and paragraph numbers. No new matter has been added.

It is noted that the international application contains Table 2 which is also identified as the first sheet of drawings of the application. The enclosed translation and substitute specification contain Table 2 as part of the specification.

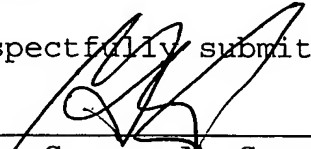

The amendments to the claims remove multiple dependent claims.

Examination on the merits is respectfully solicited.

Please charge any fee which is due and not enclosed herewith to Deposit Account 02-0184.

Respectfully submitted,

By

George A. Coury
